

What is the big idea?

Welcome to Sansad: the Policy Parliament, where we provide you with a unique opportunity to draft India's first model Digital Competition Act. The Act will govern India's digital market space - a relatively new territory in the policy landscape.

The Ministry of Corporate Affairs appointed Committee on Digital Competition Law (CDCL) started consultations to draft the Bill in March 2023. To support this effort, we invite teams to Sansad '23 to draft a model Bill which will be tabled before relevant officials before the Parliament's Monsoon Session.

Event dates: 3-4 June, 2023

Indian School of Public Policy
K-11, Block K, Hauz Khas Enclave
New Delhi, 110016

chapters

1. Market definition & dominance
2. Prohibition of anti-competitive practices
3. Regulation of digital markets
4. Competition advocacy & consumer protection
5. Enforcement & remedies
6. International cooperation

As part of the application, teams must indicate three preferred Chapters to potentially research.

After being shortlisted, our **Research Team will assign one Chapter and questions/ prompts per team** to research and prepare provisions.

Teams will present and deliberate upon their researched provisions at the event.

why participate?

Meet and interact with experts and elected officials on the Digital Competition Act of India.

Draft India's first model Digital Competition Bill, developed by teams of **young policy enthusiasts** and experts.

Opportunity to **present the draft Bill's provisions to high-ranking officials** associated with the CDCL, CII, and FICCI.

Foster a deeper understanding of the Digital Competition Act and its implications for India's digital economy.

Best performing teams and speakers to win **prizes**. Participating certificates for all participating teams.
